

NUEWAL Inc.

Product Limited Warranty

This warranty is effective on all Nuewal Inc. product purchased as of July 1, 2019 and supersedes any product warranty in effect prior to that date. Please read this warranty term carefully and in detail to understand the full extend of coverage and warranty.

Nuewal, proudly a Canadian company, uses the latest technologies and know-how to manufacture high-quality siding and cladding products for exterior, interior, soffit and canopy applications. In order to achieve the highest customer satisfaction, Nuewal warrants that the products are free from manufacturing defects. Therefore Nuewal Inc. will remedy any product failure covered by this warranty according to the following terms:

All products purchased under Nuewal brands are covered under the following limited manufacturer's warranty. Nuewal products are warranted to the original owner to be free from manufacturing defects in material or workmanship when installed in the USA or Canada in accordance with manufacturer's installation instructions.

Coverage

Products installed in interior applications are covered for the Lifetime of the original owner for as long as the original owner shall reside and own the property on which the material was originally installed.

Products installed in exterior applications are covered for a period of fifty (50) years from the original installation date and are non-prorated for a twenty (20) year term:

Years	Coverage
0 to 20	100%
21 to 30	75%
31 - 40	50%
41 to 50	25%
51+	0%

Warranty coverage applies to material defects only and does not include labour for installation, repair or replacement. Manufacturing defect coverage includes excessive: delamination, bubbling, discoloration, or warping. Should any products be determined by Nuewal to have manufacturing defects, such products will be replaced or repaired, and then returned to the owner. Products will be delivered by the owner to either to Nuewal directly or the Nuewal retailer/distributor where the products were originally purchased.

Nuewal at its own discretion may revise or discontinue products. Nuewal cannot guarantee replacement materials will be an exact match of the original installed materials, due to natural weathering or material variation. At the discretion of Nuewal, equivalent replacement products may be supplied. Performance of any repair or replacement not authorized by Nuewal shall release Nuewal from any and all warranty obligations.

Limitations

Nuewal does not warrant damage arising from improper handling, storage, installation, or maintenance. All installation instructions must be followed without exception. Use of pneumatic nailing devices during installation will void warranty coverage.

This warranty does not apply to the products that are not installed for their intended application, as detailed in Nuewal installation instructions.

This warranty does not apply to any Nuewal product that has received any sort of aftermarket finish or coating, including but not limited to: paint, stain, varnish or any coating not authorized by Nuewal in writing.

Exterior products, which experience color change due to normal weathering, are excluded from this warranty. Nuewal will act as the sole judge in determination of excessive colour fade/dyscoloration.

This Warranty does not cover damage to products caused by:

- Faulty installation
- Failure of the building structure, fire, flood, lightning, or other acts of God
- Exposure to atmospheric pollution, acid rain, salt spray, harmful chemicals or vapors
- Exposure to heat sources located in close proximity to the installed products, such as BBQs, argon gas glass units or other items that can reflect heat over and above 180 degrees F
- Neglect of the owner to keep the product surface clean. It is specifically the owner's responsibility (and not the responsibility of the manufacturer, dealer or the installing contractor) to maintain the surface in a clean and fresh condition. Pressure washing and the use of harsh detergents or chemicals is not recommended

Color Change/Fade Coverage:

Nuewal does not cover the color changes as the result of air pollution, normal weathering and/or exposure to harmful chemicals.

The color change is calculated based on ASTM D1729 and ASTM D772-86 methods that indicate the color change in the excess of Hunter Units. Nuewal warrants discoloration or color fade where it is in excess of Delta 2 Hunter units in accordance to aforementioned methods. Nuewal stainable products installed and used for exterior applications are not covered by this warranty.

NUEWAL MAKES NO EXPRESSED WARRANTIES OTHER THAN AS SPECIFICALLY SET FORTH HEREIN. Except, as expressly set forth above, Nuewal makes no warranty of any kind, express or implied, including, without limitation, any implied warranty of merchantability or fitness for a particular purpose.

Owner must submit any warranty claim within thirty (30) days of when the product defect was first discovered or reasonably could have been discovered, or warranty coverage is void. Proof of purchase is required. All warranty claims must be made in writing directly with the manufacturer:

Registration of Warranty:

The attached registration form must be completed and signed by the home owner and installing contractor and mailed to Nuewal Inc. within 30 days of installation. Failure to register the Warranty will not void the Warranty, but registration of this Warranty confirms the date of installation and is a benefit to you, especially if your original proof of purchase is lost. It is a good idea to retain your proof of purchase in case it is needed if you submit a warranty claim.

Transfer of the warranty:

This Warranty is transferable to a new owner of the property where the Nuewal products are installed. In the event of transfer of the warranty, the warranty period shall be for fifty (50) years from the original date of purchase/installation and shall be prorated as indicated above. This transfer is valid only if the below transfer form is received by Nuewal within 30 days of the new owner possession date.
